

DWA_03.5 Knowledge Check_DWA3.2

1. User story(ies) in Gherkin syntax for the "+" button.

Feature: Increase Number with "+" Button

Scenario: User clicks the "+" button to increment the number

Given the user is on the app's page with a displayed number

When the user clicks the "+" button

Then the displayed number should increase by the defined step amount

And the "-" button should be enabled

And if the displayed number reaches the maximum number, the "+" button should be disabled

2. User story(ies) in Gherkin syntax for the "-" button.

Feature: Decrease Number with "-" Button

Scenario: Subtracting from the number

Given the user is on the app's page

When the user enters a number in the input field

And the user clicks the "-" button

Then the input field value should decrease by the specified step amount

And if the result is greater than or equal to the minimum number, the "-" button should be enabled

But if the result is less than the minimum number, the "-" button should be disabled
